## CONCERNING YOUR HAIR

### Invention of an Expert Chemist

You probably have tried all sorts of remedies on your scalp, without getting the desired results, until you have become discouraged and lost confidence in all hair remedies. Thousands of others, like yourself, finally turned to using Seeb's Quinade, and have been so pleased with the result, they would never again waste their time or money using anything else.

Quinade is not an ordinary pomade; it is highly medicated and is a real scalp food. Quinade stimulates and nourishes the roots of the hair, causing a natural growth of long, straight hair. It will make coarse, stubborn hair soft and silky, and easy to put up in the style desired. Quinade will positively allay itching of the scalp; and dandruff, which is the real cause of most hair and scalp troubles.

To get best results from the use of Quinade, one should shampoo the scalp every two weeks with Seeb's Quinaseap, a soap made entirely of pure vegetable oils. Quinaseap lathers very freely and is a thorough cleanser. It leaves the hair soft and fluffy and imparts a refreshing feeling to the scalp unequalled by any other shampoo.

Insist on getting Seeb's Quinade and Quinaseap, asking for them by their full name. Price is 25 cents each. If your druggist or dealer does not stock these two articles ask him to obtain them from his wholesaler for you, or send us the price and we will mail them to you direct. Seeb Drug Co., 14 Wooster St. New York City.
